When I wear HUGO BOSS's latest masterpiece, I feel like a million bucks not just because it turns heads, but because it exudes pure wealth and sophistication.

The Scent Profile

I tested this incredible fragrance on a sunny day in Shanghai, and the result was nothing short of breathtaking. As soon as I spritzed it onto my wrist, the scent unfolded like a work of art: top notes of citrusy freshness, middle notes of rich floral beauty, and base notes of velvety smooth woods. The aroma is both bold and refined, making it perfect for any occasion, from business meetings to high-end dinner parties.

Longevity & Sillage

The longevity? Exceptional. HUGO BOSS's scent lasted well over 8 hours on my skin, leaving a subtle yet unmistakable trail of sophistication in its wake. The sillage is moderate, just enough to tantalize those around you without overpowering the senses.
